## SUMMARY

Aspiring Full Stack Developer with foundational skills in both front-end and back-end development, focusing on creating seamless web experiences. Passionate about crafting engaging and user-friendly websites, eager to leverage coding expertise and design sensibilities in a dynamic development role.

## SKILLS

**Programming Languages:** Python, JavaScript

**Frontend Technologies:** Next.js, React.js, Tailwind CSS, Bootstrap, HTML

**Databases:** MySQL, MongoDB

**Development Tools:** Git, Postman, VS Code

**Soft Skills:** Teamwork, Communication, Problem Solving, Adaptability

## WORK EXPERIENCE

### Digital Word of Mouth

Feb 2025 - Mar 2025

#### Web Development

- Contributed to the creation of dynamic and user-centric websites.
- Developed responsive user interfaces using HTML, CSS, and JavaScript.
- Gained in-depth knowledge of industry best practices, enhancing programming expertise and strengthening problem-solving abilities.

### Prodigy Infotech

Sep 2023 - Oct 2023

#### Web Development

- Built and deployed a personal web project using HTML, CSS, and JavaScript, demonstrating proficiency in front-end web technologies.
- Developed features such as user authentication, form validation, and responsive layouts to ensure a seamless user experience across devices.

## PROJECTS

### Notezy-Empowering Digital Connections That Matter

[Notezy](#)

**Technologies:** React, Tailwind CSS, Python, PostgreSQL

- Developed a full-stack note-taking and URL-shortening platform, enabling users to create short URLs, generate QR codes, and write and manage notes.
- Implemented secure URL shortening and QR code generation features, integrating backend services with user-friendly front-end components for seamless functionality.

### Spotify Clone

[Spotify Clone](#)

**Technologies:** ReactJS, MongoDB

- Created a Spotify clone for the frontend and utilized MongoDB for the database.
- Implemented key features such as song and album management and playlist creation.
- Developed an admin panel for managing content, showcasing experience in full-stack development and working with NoSQL databases.

### SmartReader

[SmartReader](#)

**Technologies:** ReactJS

- Developed a SmartReader application that enables users to view PDFs directly in the browser.
- Implemented features such as text summarization, translation, and PDF management, creating an intuitive interface.
- Improved accessibility and usability, resulting in a more user-friendly application.

## EDUCATION

### SSC

Raosaheb Rupchand Vidyalyaya Jalgaon, **88.60%**

### HSC

Matoshri Junior College Nashik, **91.67%**

### BE

M.H. Saboo Siddik College of Engineering, **7.35**
